Every workout can be scaled for beginners to the advanced! This is a 45 minute class.

FitZone

FitZone is a group workout program designed for all fitness levels, from beginner to advanced athlete! YOUR workout is motivated and guided by YOUR individual heart rate meaning the group session that you attend will be programmed according to your specific fitness level. Members wear a heart rate monitor during class and your heart rate is constantly displayed on a monitor for you to see. A coach guides the class in interval training with cardio and strength components. You have the support of a motivational coach as well as the accountability of your fellow session members.
